A regular meeting of the Board of Visitors of Virginia Commonwealth University was held on Thursday, February 9, 2012, at 1 p.m. in the Richmond Salons located in the University Student Commons at 907 Floyd Ave.

Present were Messrs. Snead (Rector), Farrell, Ginther, Jackson, McCandlish, McMurtrie, Royall, Shenoy and Siegel; Drs. Broaddus, Dave, Doswell, and Perkinson; and Mesdames Lambert and Stone. Mrs. James was absent. Also present were Drs. Rao, Byrdsong, Huff, Marolla, McKenna, Morarity, Rhone, Rodriguez and Warren; Messrs. Bunce, Jez, Woodward; and Mesdames Atkinson, Balmer and Lepley.

The Rector’s report was presented. The Rector asked if there were any objections to changing the meeting scheduled for April 19 to April 24, 2012. There were no objections.

The Report of the President was presented. Sainath “Sai” Iyer, an honors student majoring in mass communications, international relations and religious studies was introduced, as well as the research team of David Simpson, associate professor of anatomy and neurobiology in the School of Medicine, and Dr. Gary Bowlin, the Harris Exceptional Scholar Professor of Biomedical Engineering and the Director of the VCU Tissue Engineering Laboratory. The President updated the Board on Strategic Financing, Legislative Update, Construction Update, and commitment to community engagement and economic development.

Mr. McCandlish reported for the Academic and Health Affairs Policy Committee. A Proposal to Reorganize the Department of Obstetrics and Gynecology, School of Medicine was presented. The Department of Obstetrics and Gynecology is currently organized into six subspecialty sections. The Department is seeking to designate the sections as divisions. Reorganization into divisions will allow a number of improved functions:

- Education: Will allow for a clarification of educational responsibilities and allow for the creation of future subspecialty fellowships. The first of the fellowships will be in maternal fetal medicine.
- Recruitment: Recruiting individuals to fulfill the role of chief will be enhanced due to the prestige of overseeing a division rather than a section.
• Leadership: Will allow for the expansion of the role of the chief in administration and growth of the division. The current role of the section chief is limited to day-to-day Clinical administration and has a limited role in the sectional finances or strategic planning.

• Clinical: will allow clearer alignment of support staff with subspecialty clinical and administrative needs. The success of an RVU based compensation plan within the department will likely depend on individual plans for each subspecialty, which will be facilitated by reorganization in to a tighter divisional structure.

• Research: Will expand the role and responsibilities of the chief for developing research within the clinical divisions. Divisional structure conveys larger size and infrastructure, which will likely be helpful with grant applications. Will allow for better coordination of space and equipment as well as provide an infrastructure that is expected to result in a significantly enlarged research presence.

The Academic and Health Affairs Policy Committee recommended to the full Board the approval of the Proposal to Reorganize the Department of Obstetrics and Gynecology, School of Medicine.

The Academic and Health Affairs Policy Committee Charter and Calendar were present. The primary purpose of the Academic and Health Affairs Policy Committee is to provide oversight and make recommendations to the Board on all academic and health-educational, research, and public service policies and plans, consistent with the stated goals and objectives of the University and with its academic health center, including its affiliation with the Virginia Commonwealth University Health System Authority. Areas of responsibility include:
  o Academic degrees, programs and structure
  o Coordination of academic activities among campuses and with the VCU Health System Authority
  o Faculty and staff employment, rights and responsibilities, and professional development
  o Admissions and retention
  o Accreditation

In addition, the Academic and Health Affairs Policy Committee provides oversight and counsel toward the achievement of the mission, vision and goals of the Virginia Commonwealth University strategic plan. The Academic and Health Affairs Policy Committee recommended to the full Board the approval of the Academic and health Affairs Policy Committee Charter and Meeting Planner.

The Finance, Investment and Property Committee recommended to the full Board the approval of the Finance, Investment and Property Committee Charter and Calendar.

The Project Plans for West Grace Street Housing North were presented. The project provides for construction of residential upper-class housing with a total capacity of 388 beds. The first floor includes approximately 6,000 SF for use by the Global Education Living/Learning Community. The undergraduate curriculum in global education is enriched by coordinated residential activities among students of diverse backgrounds on campus, in local communities and abroad. The design build budget is $23,464,235 and the total budget is $32,199,000. The Finance, Investment and Property Committee recommended to the full Board the approval of the Project Plans for West Grace Street Housing North.

The Tax-exempt Debt Compliance Policy was presented. The policy establishes a formal system for both pre-issuance planning and post-issuance monitoring of tax-exempt bonds to ensure compliance with federal laws. The policy provides guidance to university units involved in tax-exempt financing so that the units understand and are able to carry out the roles in the processes. The Finance, Investment and Property Committee recommended to the full Board the approval of the Resolution for the Tax-exempt Debt Compliance Policy.

An Amendment Altering School of Medicine Financing Agreement was presented. As part of the Support Agreement the MCV Foundation agreed to pay up to $7,636,000 of the costs of construction on the Project and pay debt service on the $40,000,000 component of the 2011 Note attributable to the Project. Subsequent to the issuance of the VCBA bonds and the VCU Note, the Dean of the School of Medicine has determined that
tuition revenues, facilities and administrative cost recoveries and certain other funds will be sufficient to pay debt service on the School of Medicine debt. The Dean and senior leadership of the University have also determined that the University and the School of Medicine will be best served by terminating the Support Agreement so that the MCV Foundation will be able to utilize its funds for the support of the School of Medicine in other ways, including programs to attract and retain talented teaching and research faculty consistent with the Quest for Distinction program. The Finance, Investment and Property Committee recommended to the full Board that the resolution authorizing the termination of the Support Agreement and execution of an internal Memorandum of Understanding between the University and the School of Medicine.
